## EXPERIENCE

### Fergana Ecological Group, Fergana — Team Leader

September 2023 – Present

- Led a team of 129 students to plan and execute environmental awareness campaigns, clean-up drives, and sustainability projects.
- Coordinated tasks, schedules, and responsibilities to ensure all initiatives were completed efficiently and on time.
- Facilitated team meetings, encouraged collaboration, and resolved conflicts to maintain high team motivation and productivity.
- Engaged with local schools, community members, and authorities to promote ecological education and community participation.
- Monitored project outcomes, collected data, and prepared reports to evaluate impact and guide future initiatives.

## SKILLS

- Research & Analytical Writing (Did approximately 37 research papers on impact of education on rehabilitation, effect of free tutoring on academic performance, language learning for social mobility, bridging the IT gap, family/social support and psychological benefits of arts, sports and music within my own school)
- Critical Thinking & Problem Solving (Sub-director of Fergana Youth Parliament)
- Data Analysis (Java Script, Python, CSS, Django, or statistical tools if applicable)
- Public Speaking & Presentation (Founder of Registan Debate Club)
- Cross-Functional Team Leadership (Founder of New Uzbekistan, employing volunteers from russian, german and turkish nationalities).

### Fergana Youth Parliament, Fergana — Sub-director

June 2024 – Present

- Organized and led social awareness workshops for local schools, reaching 247 students and fostering civic engagement.
- Coordinated with school administrators, volunteers, and team members to ensure smooth planning and execution of events.
- Developed educational materials and presentations to effectively communicate key social issues to students.
- Monitored and evaluated workshop outcomes to improve future programming and community impact.

### Fergana Stone Paper Factory, Fergana — Sales Accountant

September 2024 – Present

- Managed sales documents, prepared and reconciled invoices, and tracked customer accounts to ensure accurate financial records.
- Collaborated closely with the factory director and heads of production, logistics, and procurement to align financial data with operations and resolve discrepancies.
- Prepared clear, data-driven reports to support management decision-making and enhance operational efficiency.
- Maintained compliance with internal policies and regulatory requirements for all sales-related transactions.

- Project Coordination & Strategic Planning  
(From my factory experience i learned to mange the flow of sales documents and ensured interdepartmental processes like logistics and finance)
- Mentorship & Peer Support (Helped 43 students with university application, with only 19 successfully being accepted to American universities and others being accepted to European universities for 100% scholarship)  
Negotiation & Conflict Resolution (As a founder of AltruVision project, i managed to address behavioral conflicts among young offenders using constructive dialogue and structured guidance)
- Multilingual Communication (russian, turkish, english and german)
- Academic Writing & Professional Correspondence  
(Co-founded the “Live for Society” project, focused on researching and writing articles that address criminalism, community development, and youth engagement)
- Active Listening & Persuasive

## EDUCATION

### Registan Private School, Fergana — High School Diploma

September 2025 – May 2026

- GPA: 5.0
- Relevant Courses: Advanced Mathematics, Physics, Computer Science, Foreign Languages (Russian, English, German)
- Achievements: First Place, National Math Olympiad; Member of Al-Xorazmiy Math Club

### Najot Ta'lim Edu Center, Fergana — Graduation Diploma

April 2025 – December 2025

- Achieved 3,047 silver points (threshold 3,500) and earned eligibility to join the **IT Experts Club** for advanced projects.

## PROJECTS

### New Uzbekistan — Volunteer Teaching Initiative

- Organized and delivered free lessons in English, Russian, Math, and IT to kindergarten kids (aged 6-7), improving academic performance and digital literacy.

- Coordinated volunteer schedules and lesson plans, fostering collaboration and structured learning.
- Promoted skill development and confidence among students through interactive teaching methods.

Communication (In my AltruVision project, i learned to listen to young offenders and guide them towards socially-acceptable behavioural norms through persuasive oratory skills)

#### **AltruVision — Rehabilitation & Education Program for Young Offenders**

- Provided educational support and mentorship to young offenders, guiding them toward constructive behaviors and opportunities.
- Developed trust and motivation through active listening, empathetic communication, and personalized guidance.
- Collaborated with correctional staff and volunteers to implement structured programs for rehabilitation.
- Secured \$1,000 funding from the provincial governor to expand program reach and resources.

#### **AWARDS**

##### **Live for Society — Social Awareness Articles Project**

- Co-founded a platform focused on researching and writing articles about social issues and community development.
- Coordinated contributions from volunteers, ensuring well-researched, high-quality content for public dissemination.
- Strengthened community awareness and engagement through impactful, data-driven writing.

**Winner – “Yosh Kitobxon” (Young Reader) National Television Competition, Uzbekistan (2023)**

Awarded first place and a Chevrolet Spark for literary knowledge and reading culture.

##### **Fergana Ecological Group — Environmental Leadership**

- Led a team of 129 students in organizing environmental awareness campaigns, clean-up drives, and sustainability projects.
- Engaged local communities and schools, promoting ecological education and active participation.
- Monitored project outcomes and guided future initiatives for greater environmental impact.

Recognized for outstanding performance in a prestigious national-level mathematics competition.

**Member – Al-Xorazmiy Math Club (September 6, 2023 – Present)**

Selected among 5941 applicants for excellence in mathematics and participation in advanced problem-solving activities.

##### **Fergana Youth Parliament — Civic Engagement Workshops**

- Organized social awareness workshops for 247 students, fostering civic responsibility and community involvement.

**Silver Points Achievement – Najot Ta’lim Edu Center (3,047)**

- Coordinated with schools, volunteers, and team members to ensure effective workshop delivery.
- Developed educational materials and presentations to communicate key social issues effectively.

#### **points)- 2024**

Earned eligibility to join the **IT Experts Club** for advanced IT projects and competitions.

### **Interests and Hobbies**

- Practicing speeches in front of my house pets: my cow “Masha,” 11 chickens, and my cat “Mitti”.
- Reading aloud to my ants in a glass container.
- Wearing traditional Uzbek doppi with classic costumes.
- Stargazing with my brother at nights usually on Mondays and Tuesdays.
- Horse riding and archery at school.
- Playing chess with my 63-year-old grandfather.
- Singing Turkish songs, especially by Ibrahim Tatlıses, and playing my old piano.
- Cooking traditional Uzbek meals for family
- Reciting and analyzing poetry, inspired by my mother, a literature teacher.
- Writing self-help books and articles focused on personal growth.

#### **Provincial Governor Funding Award (\$10,000)- 2024**

Recognized for impactful work with the **AltruVision Project** and awarded funding to support youth rehabilitation initiatives.

#### **Archery Awards- 2024**

5× Regional Gold Medalist and 2× Silver Medalist for school and regional archery competitions.

### **Publications**

#### **ASROR Book Series – 5-volume collection for children and teenagers**

*Each book contains more than 10 short stories with interactive illustrations and reflective questions, written to inspire moral values and character building.*

- **A – Adolat Yo'li (A Road of Justice):** Inspires fairness and justice, even in the harshest moments of life.
- **S – Sabr-matonat (Patience & Perseverance):** Highlights endurance and inner strength in facing challenges.
- **R – Rahm-shafqat (Compassion & Mercy):** Encourages empathy, kindness, and caring for others.
- **O – Orzular sari (Towards Dreams):** Motivates readers to pursue their hopes and ambitions.
- **R – Rostgo'ylik (Honesty):** Shows the importance of truthfulness and integrity in daily life.

#### **LANGUAGES**

Russian, English, Uzbek, Turkish and German

*The ASROR series supports my AltruVision Project (for youth offenders) and the New Uzbekistan Initiative (for children and teenagers). I wrote this volume as a creative way to introduce myself to project participants, earning their trust, love, and respect while inspiring them with meaningful stories. Within the first week of release, 173*

*printed volumes were sold and 583 digital copies downloaded through the Fergana online book library.*

*Each printed volume is currently priced at 317,000 UZS, with plans to lower the cost to make the series more accessible. With further funding, I intend to publish English, Russian, German, and Turkish editions to expand its international reach.*
